

## Interparfums' ESG performance continues to improve

In the 2021 campaign of the Gaïa Research - EthiFinance agency which assesses the Environmental Social and Governance (ESG) performances of top French and European SMEs and mid-tier firms, Interparfums' ESG rating for 2021 further improved.

This rating is calculated on the basis of 170 criteria divided into four areas: *Environmental, Social, Governance and External Stakeholders Relations*.

Year	2018	2019	2020
ESG Rating	67	71	74

In the category of "companies with revenue between €150 million and €500 million" the company has accordingly moved up to the 22<sup>nd</sup> position.

This change highlights significant improvements in *the Environmental and External Stakeholder Relations* areas, while the performance in *Social* areas, already very high in absolute terms, remained largely steady.

**Philippe Santi**, Executive Vice President, commented: "While our rating is already high, we have significant room for improvement and this significant progress in the Environmental area, supported by the adoption of a clearly defined strategic plan, should pave the way for further gains."
